PULLING TOGETHER
NORTH CAROLINA
DURHAM & SOUTHERN
HAS THE SPIRIT
2000
2000

Durham and Southern Ry. operates this specially painted diesel locomotive between Durham and Dunn, N.C. to commemorate America's bicentennial. This General Motors engine, built by the Electro Motive Division, is one of more than 2,000 of this GP38 model in service on the railroads of North America.

Official Durham and Southern Railway Photo.
